## Experience

### PROJECTS

#### PERSONAL PORTFOLIO

🔗 Link -> Visit site 📅 Jan 2023 – Mar 2023

- developed the project using React.js, a widely-used JavaScript library for creating user interfaces.
- Employed HTML, CSS, and Tailwind CSS to design a visually appealing and responsive portfolio.
- Implemented responsive design principles to enhance user experience on various devices and screen sizes..

#### PIZZA SHOP WEB APPLICATION

🔗 Link -> Visit site 📅 Mar 2023 – Mar 2023

- Showcased commitment to delivering outstanding outcomes and adeptness in acquiring and implementing new technologies.
- Developed an instinctive user interface integrating responsive design principles, advanced features, and secure payment processing.
- Exceeded client expectations by providing exceptional web solutions, highlighting skills in web development, project management, responsive design, payment processing, and technical expertise.

#### E-COMMERCE WEB APPLICATION

🔗 Link -> Visit site 📅 Feb 2023 – Mar 2023

- Developed an interactive E-commerce website with Reactjs, demonstrating a strong commitment to crafting captivating and user-friendly online marketplaces.
- Enthusiastic about leveraging my skills and expertise in HTML, CSS, JavaScript, and Bootstrap to contribute to the success of professional E-commerce platforms
- Strong understanding of web development best practices, ensuring secure, reliable, and optimized performance

#### RESUME BUILDER APPLICATION

🔗 Link -> Visit site 📅 May 2023 – May 2023

- Created a Resume Builder app, prioritizing optimal design principles to produce visually appealing and polished resumes.
- Contributed to enhancing the app's user experience, guaranteeing seamless navigation and user-friendly features.
- Integrated customizable templates, advanced formatting choices, and automated content generation for a streamlined resume creation process.

## Competitions

### INTERNATIONAL CONFERENCE

SONA COLLEGE OF TECHNOLOGY

📅 Feb 2022
